NYCON NEI SNOTE: The back of this issue of SFWeekly is a reservation form for the NYCON
3 hotel, the Statler-Hilton. If you have not yet reserved your room,
it is not too late to do so. While the hotel will generally accept reservations only
up to 2 weeks prior to the convention, it will do so only if they expect the hotel to
be fully occupied. The statler-Hilton will accept reservations until there are no more
rooms to reserve.

If you have not yet joined the convention, and wish to attend, send in your reservation
now, and register in person Thursday evening or Friday morning, or whenever you reach
the convention.

Whither Issue #193?: Although a number of subscribers have written saying they never
received SF# 193, all copies were entrusted to the tender care
of the Post Office on schedule, and we can only assume that they routed a bunch of
that issue via the Hanoi P.O., which is not too friendly to American mail. Subscribers
wishing replacement copies will have to wait, however, until after the Convention, when
I will have the opportunity to run more off.

THE WAR GAME: Avon Books will publish The War Game by Peter Watkins on October 28th. The
book, originally conceived and produced as a TV documentary on what
would happen in a Western nation under nuclear attack, was scheduled for BBC-TV show-
ing in Britain, but was censored from the airwaves as "too realistic". Watkins then
made the show into a documentary, in which form it was nominated for and won an Acad-
emy Award as Best Documentary of 1966. While the BBC owns all TV rights and has refused
to let the film, as a TV program, be broadcast anywhere in the world, the feature film
version is gaining wider and wider distribution.

+++++

CONAN SELLS MILLIONS: The four Conan paperbacks, Conan The Adventurer, Conan The Warr-
ior, Conan The Conqueror, and Conan The Usurper, have sold, col-
lectively, over 2,000,000 copies in the past year, Publishers Weekly reports. A fifth
Conan title will be issued on November 28th, simply titled Conan. It will contain 4
novelettes, two of which have never before been published. A total of 8 in the series
will eventually be published.

+++++

HEINLEIN NOW INTO SEVENTH PRINTING: PW reports that Stranger In A Strange Land is now
into a seventh printing, with 352,000 copies now
in print. Enthusiasm on the West Coast for the book is big, especially after a rock
group made a recording called "Stranger In A Strange Land." The way things are going,
the word "grok" may appear in Webster's Dictionary, 8th edition.
