

THE SCIENCE FICTION GAZETTE.

Published for members only by The Science Fiction Association.

Headquarters:- 9, Brunswick Terrace, Leeds 2.

No. 4.

July. 1937.

The membership of the Association has now reached the 71 mark, the last eleven to join being:- Roy Test, (Los Angeles); Forrest J. Ackerman (Hollywood); Karl Edward Forst von Lütz, (Beverly Hills); Russell J. Hodgkins, (Los Angeles); D. de Woronin, (Bulawayo); Miss Francis Fairchild (Los Angeles); Morogo, (Los Angeles); Jean Heitt, (Hollywood); Virgil Smith, (Los Angeles); T. Bruce Yerkes, (Los Angeles); P. Friedman, (Leeds). The members in Los Angeles have now formed our third group, and incidentally our first foreign one; what about some more English ones? Anyone interested in a Manchester group should write to Headquarters.

A collection of photographs of science fiction fans-in particular Association members-is being compiled; will those members who have not as yet sent their photograph please do so as soon as possible? Negatives are preferred, but if these are not available, prints will be accepted. It is hoped in the near future that copies will be available to those interested.

We have just learnt finally that the Science Fiction League is "as dead as a door nail" and that the Los Angeles chapter is the only one functioning; as you will see from the first paragraph of this "Gazette" all the Los Angeles are now members of the Association. As the International Science Association is now defunct, the Association is getting some of their members and hopes to get more
