THE TRANSATLANTIC FAN FUND  
CANDIDATES' PLATFORMS.

Phil Rogers

Current chairman and founder member of the BSFA, known to all and universally liked as the most congenial fan in the kingdom. He is to be found in the midst of most fannish gatherings, has attended all of the last seven major conventions in Britain and programmed the 'Ronvention' at Harrogate. Phil has exceptional physical stamina, can go anywhere, eat and drink anything and can cheerfully engender (and survive!) the longest parties, bull-sessions, gabfests and poker schools. Lone member of Scunthorpe C.rafandom, country member of the Liverpool Group and longtime avid SF reader and collector.

Nominated by: Terry Joeves, Ken Slater, Norman Shorrocks, Dave Kyle and Harry Harrison.

Arthur Thomson

For years the fan visitor to the States has been asked one burning question: when is Atom standing for TAFF? Well, now we know. Now we can send the worthiest and most eagerly awaited of all TAFF delegates, and at last attempt to repay some of the debt we owe to this unassuming genius whose kindly wit has made fandom a happier place for us all. We owe this not only to Arthur but to ourselves. For there is another question the fan visitor is asked when he gets back home: what was it like? By sending this uniquely talented artist and writer we will know the answer. Sending Atom to America will be a breakthrough in fannish communications comparable to landing a tv camera on the Moon.

Nominated by: Walt Willis, Ron Bennett, Ken Cheslin, Bill Donaho, and F.M. Busby.
