THE BURNING COURT-John Dickson Carr

Popular Library No. 28 - Two Bits

One of the most startling pieces of

the macabre to come to my attention

in years. Stick with it till finis.

DEFY THE TEMPEST -Bennett & Dannett

Julian Messner -Two bucks & a half.

The blurb sez 'good old fashioned

horror yarn'- taint far from wrong.

Although the horror aint ghostie, it

aint nicey either. Sort of a "Jane

Eyre"with a smattering of "Rebecca"

FORTHCOMERS: A collection of ghost

stories, "Lord Halifax Ghost Book"-

collection of weird and fantasy to

be edited by Derleth, "Sleep No

More". Tower to reprint Richard

Sale's "Passing Strange". -o-o-o-o-o-

ENIGMA DEPT - I have three first e-

ditions of "Odd John", yet they are

all different, from same company?-0
