Bureau Head: Joanne Burger, 55 BlueBonnet Ct, Lake Jackson Texas, 77566

Assistant Head: open

Head of taping for the blind: Curtis N Taitel, 784 Love St, Elk Grove Village, Ill, 60007

Editor of the bureau fanzine: Jeff Cochran, 424 Kielsted, Placentia, Calif, 92670

Dues: \$1.25 / year to pay the postage on 12 issues of Replay.

This issue of Replay is a bit late, and will be much shorter than it could be. I have a bit more than a month left to finish my thesis for my Master's degree, and my major professor has just added a couple of major sections to the thesis. So I will be busy for the next month. There will not be another issue of Replay until after Nov. 13, unless I finish my thesis before then and get it approved. But that would require a miracle.

My Wollenska tape recorder had decided that it would not record anything, and it didn't sound too hot when it played things. So it is in the shop right now getting repaired. I can't copy anything until it is fixed, and I don't know how long that will take. After it is fixed, I will not be copying anything except complete reels, or almost complete reels, because I won't have the spare time. I would like to assure all the people I owe tapes too, that I will copy the stuff you want as soon as I can, but I do have to finish my thesis first. If any of the ~~xx~~ material I have sent out recently did not sound too good, let me know. My taper has been going out over a period of time, but I didn't notice it until recently. I will be quite happy to re copy anything that you have recieved that did not sound up to par.

Jeff Cochran, 424 Kielsted, Placentia, Calif, 92670 has offered to publish the bureau fanzine. I would like to ~~xxxx~~ see an article or two on old radio shows in the fanzine, if anyone feels like writing one. How about an article on ~~a~~ your ~~a~~ favorite radio show? If Jeff doesn't ~~h~~ publish it, I will, in Replay.

Arthur Metzger, 1171 Neab Road, Cincinnati, Ohio, 45238, would like to know if the old Shirley Temple show (not movies) is in syndication anywhere. He wants to get tapes of some of the shows..

Alan Dodd, 77 Stanstead Rd, Hoddesdon, Herts, England wants to know if any one has collections of vaudeville numbers and songs of the turn of the century. He is trying to find, among other things, a vocal version of Harry Von Tilzer's song "My Little Girl". He has it played on a Wurlitzer mechanical piano, but wants the vocal version.

Heade Frierson III, 3705 Woodvale Road, Birmingham, Ala, 35223. has gotten copies of some Tales of Tomorrow shows, and the ~~fast~~coming attractions (one of them) is a puzzler. It is supposedly from Galaxy between Oct 1950 and Jan 1953 and it is called "The Biography Project" by what sounds like Duncan or Dudley Dell or Bell. The story is described as being about a camera that could be sent into the past.

I have a couple of good things by W G Bliss that will appear in the next issue of Replay. As ~~xx~~ will the listing of people interested in Taperespondence. And the list of new shows in the bureau library. And, of course, any mail that I ~~xxx~~ receive by then that is interesting enough to include.

I am going to try to keep up with my correspondence, and if you mail me a ~~xxx~~ tape, I will drop~~x~~ you a card when it arrives. I also ~~x~~ send a card when I mail a tape.

Peace,
