## SAUCER FLAP SWEEPS U.S.A.

From around the world come reports of strange crafts in our atmosphere. The biggest flap in the annals of UFOlogy is now in progress as you read these very words. Reports continue to pour into our offices daily in response to a letter by the Editor in the May issue of TRUE MAGAZINE. Here are but a few of the reports which have reached us since January.

January 14 - Airline pilot Captain. D. Shannon reported visual sightings and radar trackings of V formation of seven UFOs leaving vapor trails at 35,000 feet over Auckland, New Zealand.

January 19 - Industrial Draftsman William Blackman reported the landing of one 20 foot and one 80 foot saucer with three humanoid beings about three feet tall in shiny space suits near a local archery range in Brand's Flats, Virginia. The beings uttered unintelligible sounds.

January 24 - Two Richmond, Va. Businessmen reported to the Sheriff that a tall aluminum-colored, cylinder shaped UFO 75 feet above the ground stopped the motors of their car during the few seconds the craft was in view.

January 30 - Sid Padrick, TV repairman, reported the landing of a spacecraft outside his beach home near Manresa, California. He had a broken conversation with a nine man crew and went for a short ride in the ship.

February 19 - At an intersection of Route 3 and 139 in Hanover, Mass. six men in a car pool saw a fast-moving, very brilliant, pulsating lighted UFO that reversed direction and passed directly in front of their car.

March 12 - A UFO described as having a yellowish top and bluish bottom with "a glow all over it." was observed over Brulington, Vermont by two women and 25 youngsters.

March 16 - Reports of redish glowing objects and rows of lights were phoned into weather stations, armed services, and news media by residents of Nova Scotia, Canada. Astronomer Burke Gaffney of St. Mary's University says that the objects were saucers.

March 18 - Two Japanese Civilian Pilots reported their planes were buzzed by a UFO for three minutes. They described the UFO as being 45 feet in diameter and radiating a greenish luminescence color.

March 19 - Two residents of Summers County, West Virginia reported that their car was buzzed by three UFOs, one large craft and two smaller ones. After hovering over the car they were traveling in the two smaller objects merged with the larger one and disappeared.

## GEORGE ADAMSKI PASSES ON

George Adamski author of FLYING SAUCERS HAVE LANDED, INSIDE THE SPACE SHIPS and FLYING SAUCERS FAREWELL and also internationally known for his contacts with the space people passed away in a hotel room in Washington D.C. from pneumonia after having contracted a bad cold lecturing in Detroit, Michigan. Date of death was April 23rd.

Desmond Leslie who co-authored Adamski's first book says that Adamski would go down in history as one of three things "...the greatest charlatan of all time, a most original nut or one of the most important men since Elijah..." Mr. Leslie continues by saying "...I think the world is richer for his coming, and will be poorer for his going. It was he who's amazing pictures (pictures which have survived the test of time and critics) first really woke people up to what was going on; and I think that when the union of earth and the older races is complete (sometime within the next two thousand years) his name will be held in affection and honor. Personally I wouldn't have missed being his friend for anything"

Shortly before his death Mr. Adamski had shown great interest in our plans for an International UFOlogist Day at the World's Fair and we had seriously discussed the possibility of him showing his new half-hour moving pictures of flying saucers in action all over the world. The International UFOlogist Day when and if held this summer won't feel the same without Mr. Adamski's presence. We know you concur.

## SCIENTIFIC=METHOD=APPLIED=TO=PROPHECY

BY GLEN WHITE

After earning a bachelor of science degree at a well-known university and adding to it a little graduate work, I went into research in parapsychology. Prophecy, precognition, foreknowledge are the concern of the parapsychologist.

There are three prophecies scheduled to take place between November, 1964 and June, 1967, which I wish to expound, because I believe I can save lives and property by so doing,

1. Between November, 1964, and June, 1967, we fight the Battle of Armageddon.
2. During this time, the FLYING SAUCERS will make landings to pick up people in danger zones, taking them to large mother ships hovering in the sky.
3. The Battle of Armageddon will be stopped by a great natural cataclysm, caused by the earth's passing through the tail of a comet, or large meteor, which cause the axis of the earth to careen over sideways, throwing the water of the oceans farther inland than any flood in the memory of man, and to a depth of two thousand three hundred feet. This passing through the tail of the comet is predicted as taking place in June of 1967. Since a comet can be seen for several months before it reaches the closest point to the earth, the time of the event can be ascertained from watching the comet approach.

The safety zone is the southern part of the Appalachian Mountains of North America. Asheville, North Carolina is 2,300 ft. above sea level. In the early 1930's some Dutch farmers were instructed by their mentors, or guardian Angels, to sell out in the Netherlands and move to the Appalachian Mountains. They came up here, and Mr. William Wallis of Brevard, and a man at Ecستا, invented a device for digging up the Dutch bulbs out of the ground so they would not have to stoop. By coming up here, they avoided being in Holland during the Second World War, and escaped their land flooded with salt water when the dyke broke and flooded much of the Netherlands.

The Southern Appalachian Mountains have been above sea level for the past two hundred million years and are predicted as remaining above sea level during this cataclysm: although, according to Revelation 16:18, there will be "...a great earthquake, such as was not since men were upon the earth, so mighty an earthquake and so great."

Commodities should be brought now before war breaks out. During the Eisenhower administration the U.S. NEWS & WORLD REPORT published an important article saying that rationing books were being published by the government ahead of time so that in the event of war the rationing could be put into immediate effect.

REVELATION, Chapter 13, verse 17: "And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name."

From "VOICE OF UNIVERSARIUS," page 19 (June, 1963) "...we have some information pertaining to events which are due to take place on your planet... Our decision pertains to the possible and perhaps eventual evacuation of certain areas on your planet, if this becomes necessary within a period, not to exceed some thirty-two months in your time, beginning with the date of your month of November your year 1964...this will be the time of extreme and relatively dangerous events.... However we still continue to hope for a negotiated change between your Nation's leaders and their respective people, and not one of a limited or large scale violent and very costly war on your planet...."

From "VOICE OF UNIVERSARIUS," (May, 1963), page 13: "You have gotten away from the space-craft movement for some time, but now these sightings will be increasing in preponderance and frequency. You will be able to determine their position, form and what they are doing. These craft, as mentioned, will congregate and will be ready to 'pick up' those individuals who will be conditioned...there is a very specific plan at this time for many--at least several hundred...." (Plutana - Channel: Zelrun)

In the Bible chapter 24 of the Book of Matthew, verse 40, 41 says "Then shall two be in the field; the one shall be taken, and the other left. Two women shall be grinding at the mill; the one shall be taken, and the other left."

On January 25, 1962, Fred Stone, Editor of the AUSTRALIAN SAUCER RECORD printed this account given to him by Mr. Fred Jones. AUSTRALIAN HAS REMARKABLE DREAM:

"A few years ago, while living in a suburb of Adelaide, I dreamed that my wife and I were in a garden overlooking a valley and hills. Along the horizon a fierce fire was raging. We watched other fires coming from under the earth, burning everything on top. A strange planet was approaching the earth, surely but slowly. People were running about in terror and I could hear what they shouted to each other. As I spoke to my wife about this being the end of

everything, thousands of strange craft appeared in the sky, swooping down to pick the people up, taking them to a much larger craft hanging motionless in the sky.

"Months later, I saw what is referred to as a flying saucer go right overhead and disappear out of sight over the hills. Previously I had always thought of the saucers as a newspaper stunt.

"Later we moved to Bradbury, a small dairying district outside Adelaide. Until we moved in, we had never visited this part before except for a brief look over the house before buying. Going into the garden to enjoy the view as a respite from unpacking, I was amazed to realize this place was identical with the one in my dream. I recognized the neighbors' voices as they called to their cows. Yes, everything and everyone here is here according to my dream.

Editor Stone says: "When Mr. Fred Jones, the participant, first related this story to me, he had not yet purchased this property, but had come to talk to me about the 'saucer' he had seen going over the hills. Later, when he discovered the connection with his dream I visited him at this spot, and he told me that, according to his dream, there were certain houses in it which, at that time, were not erected, but clearly described what type of house they were intended to be. Some time later those houses were erected, and they were identical with those described in his dream.

"It was at this spot that I, with a few other men from the Australian Flying Saucer Research Society, spent an Easter week-end retreat. I felt laid on me a burden to answer many problems which had been asked of me, and to which I felt totally inadequate. Mainly, those questions asked of me were; 'How will we be delivered in the time of crisis?' and 'What part will the saucers play in it?' This week-end proved to be a very remarkable one indeed, and the answer received after much meditation was that it would be accomplished in three ways:

(1) Saucers would rescue many people from the earth, bodily.

(2) Other folk would be, consciously or unconsciously, led to places of safety, perhaps not realizing what was to take place.

(3) Certain key personnel would be left and remain in places of great danger, but these would be protected by a GREAT WALL OF WHITE LIGHT, which would completely protect them from all harm, until their task was completed.

"A still further query arised, 'What was the strange planet seen to be approaching the earth?'"

This is not a strange planet, but a strange comet. The date of this comet's passing between the earth and the sun (as given by Yogunda) is June, 1967. This will cause the phenomena described in Matthew, Chapter 24, such as earthquakes, its shadow on the earth causing three days of darkness, and the moon shall not give her light, and the stars shall fall from heaven. The meteorites out of the tail of the comet, as they pass through the earth's atmosphere, catch on fire and produce the phenomenon of the shooting stars. The largest meteor out of the tail of this comet is called "The Great Rock of Daniel." The poles will shift and throw the water of the oceans farther inland than any flood in the memory of Man. Matthew 24:38-39: "For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noe entered into the ark, and knew not until the flood came, and took them all away; so shall also the coming of the Son of man be."

Matthew 24:27: "For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be."

## SPACE TRAFFIC

BY  
RICHARD S. SHAVER

One thing I would like to get across to saucer buffs is that there is a huge amount of traffic in space and we would get plenty of it where if for two basic facts:

(1) Earth is in a quarantined zone, the only space ships that come here are on the run from the space patrols.

(2) These illegal space outfits have made the caverns their homes and they shoot down any legitimate commercial ships that try to contact us or land openly.

However this has not always been so. Long ago, earth was not quarantined. At that time there were huge amounts of commerce between earth and space. Most planets had regular and constant interchange of products with us.

This is where the picture stones I have been talking about in previous issues come in. These stones are in reality books which contain pictures of saucers, & other kinds of space ships. A careful study of them will reveal

complete plans for building space ships or saucers if you want them that shape. Now the big point of all this is that no intelligent and able scientist or antiquarian has as yet examined these stones with any genuine interest or intent to actually make sure of their nature and content. This is where your readers come in. They can get a proper optical attack started on these things by able and intelligent technicians. The principal obstacle to bringing about scientific attention is the false phone call, I believe, as I overheard some of these when I first began to try to get some attention for them.

If we can get the right stones into the right hands you will all have succeeded in the project of getting earthmen into space far more than the technicians of the present moon shots. These moon shots are doomed because they do not know what they are up against. This is the quarantine!

## WHERE IS THE EARTH'S CENTER OF GRAVITY? VICTOR PENCE BY: VICTOR PENCE

In the November 1960 edition of FLYING SAUCERS MAGAZINE there is an article "Earth's Center of Gravity'-Up or Down?" that tells of several scientific tests that were being done to pin-point the center of gravity.

While going over some points in my theory of the Polar Openings, using the Mobius Strip, I found that this problem would also be an important factor in proving, or disproving, my theory.

Going through the article I find the following points that should be of interest to those who have followed my theory since it started some 8 months ago.

In 1901 the French government wanted to determine more accurately the size of the earth, so they could revise their calculations regarding the distance of the sun. They wanted a pair of lines long enough to give them an appreciable measurement. Since they could not build two parallel poles a mile high, they decided to suspend two plumb bobs a mile deep into a mine shaft thus allowing them to measure the distance apart at the top and bottom.

Upon starting the test the French found that the plumb bobs were FURTHER APART AT THE BOTTOM THAN AT THE TOP! Several more tests were made then the French got in touch with some American scientists who made similar tests and they too got the same results. The only answer to the problem was that the CENTER OF THE EARTH WAS ABOVE THE SURFACE OF THE PLANET!!!

In one test it was found that the plumb lines were 8.22 inches further apart at the bottom than at the top. The engineer assigned to the case noted that this figure was exactly that which would be necessary to complete a 360 degree spherical circumference. The only problem was that the circumference was that of the INSIDE of a sphere NOT the outside. Using the angles formed by the plumb lines the center of gravity would be about 4,000 miles in space! If this would be true what if the Chinese were to make a check on their side of the world? Would it not be 4,000 miles opposite our side? ANY place 4,000 miles up would be the center of gravity!

If our universe is the way the scientists say it is then how do we explain the above based on today's scientific knowledge? Also in the article mentioned above was some comments by Ray Palmer concerning the light from the sun, stars, etc. He wondered if the light coming to us really came in straight lines or if it was curved. It is is curved than all of the measurements we have made concerning the distance of the planets, stars are wrong.

If our earth lies in a "Mobius Strip" like space how far would we have to go before we find the center of gravity? About 4,000 miles?

Look at the Mobius Strip (which is in a three dimensional space) and try to look at it as it would appear in four dimensions. There would be two curved "ends" with the center CROSSING at the CENTER! One part of this theory I have been working on is that one "half" of this strip contains the earth we know and the other "half" contains the spirit world -- or the place where we go when we die (Since the Bible says we are all sinners and are not permitted to leave this part of space). What are the distances to the Poles from the equator? How do they fit into this puzzle of the center of the earth? What about the three planets that are said to lie 600 - 800 - 1,000 miles above the earth and are invisible to us? If they aren't there then why did Churchill talk about them as far back as 1945?

Those who are really interested in this theory should make a Mobius Strip and work with it and see if the earth's center of gravity is in this space or the one science claims it is.
