The impossible we did yesterday--

the inconceivable may take us a few minutes longer.

#47

I had a very good time at the non-con, in fact I think everybody did. But...Jayn got the idea that I was ticklish, and announced it to all and sundry. So everybody came after me. Well, I wasn't kidding in my comments to Felice, so when I found the wall too smooth to climb, I lost control. Luckily, I seem to have some kind of protective control that keeps my aim from being any good at those times, otherwise Flieg, and Mike Klassen would be in the hospital. Sincere apologies to all concerned, including Owen, who wasn't hurt because when I crashed into him I bounced off. Harness will no doubt use it for LabDuq, but I am not of the opinion that it was funny. In fact, it took some time for me to stop shaking.

Aside from that, I lost \$1. at Bourré, had several excellent meals, (including some excellent chili made by Jayn) And I'm sure our "To Hell with Adenauer" woke up everyone for miles around.
